OFFICER OF MACHINIST UNION  
HAS BEEN PLACED UNDER ARREST**Business Agent Is Arrested in Dynamite Cases---Charged With Transportation of Dynamite---Arrest of Others Indicted Delayed**

ROCHESTER, N. Y., Feb. 14.—Clarence E. Dowd, business agent of Machinists' union, local 93, was arrested yesterday by Deputy United States Marshal F. O. Viehwann on a warrant charging him with transporting dynamite from one state to another at different times. The marshal was accompanied by Secret Service Agent Eppenstein of Washington, who arrived here yesterday early.

Dowd made no comment when arrested. He was lodged in the county jail. The warrant was based on an indictment returned by the federal grand jury in Indianapolis. Dowd is 35 years old. He came to Rochester from Mansfield, Ohio, in January.

Dowd was arrested at a hotel. It is said that federal detectives have been shadowing him for more than a week, arriving here when he did. He has been a visitor at the rooms of a labor organization in the last few days.

The warrant, it is said, has been here for some time and the notification to serve it came from Indianapolis.

After lodging Dowd in jail the deputy marshal disappeared and all attempts to learn particulars of the arrest at the federal building were met with silence.

INDIANAPOLIS, Ind., Feb. 14.—Sudden disappearance of some of the men believed to have been named as minor defendants in the dynamite conspiracy cases, was said to have caused delay in the government's plan to make arrests, and an announcement, seemingly final, came from United States Dis-

trict Attorney Miller's office that the action would go over until tomorrow.

That all plans for taking in custody the defendants now said to number 50 or more, had been completed and that it was merely a question of sending word by telegraph was admitted by District Attorney Miller.

It was said certain questions had arisen and the government had no disposition to act hastily. If these questions were not disposed of satisfactorily it was understood the plan for simultaneous arrests would be postponed until tomorrow.

It is said that the Clarence Dowd arrested at Rochester, N. Y., yesterday was C. E. Dowd, organizer of the International Machinists' union, and that he represented one of the three unions involved in the dynamite conspiracy.

NEW YORK, Feb. 14.—Henry A. Elise, United States district attorney, said yesterday he was entirely in the dark regarding the warrants reported to have been issued in Indianapolis for the arrest of four men in this district for alleged complicity in the dynamiting conspiracy. No such warrants have been sent here to be executed, so far as he knows, Mr. Elise said.

CHICAGO, Feb. 14.—Warrants for the arrest of Chicago labor men indicted by the Indianapolis federal grand jury in the dynamiting investigation were issued yesterday by United States Commissioner Foote, but the identity of the persons named was not revealed.

At least two men high in labor councils are declared to be included in the number.

VOLUNTEER AND  
PAID DEPARTMENTS  
CLASH LAST NIGHT

Last evening when the small conflagration at the upper end of town called out the fire department, the Volunteers of No. 1 hose cart arrived on the ground ahead of the paid department and passed the hydrant that that department should have coupled their hose onto, the Volunteers running ahead to another hydrant farther up the street, and were in the act of attaching their hose to this plug when the fire wagon came along and they were ordered away from it. This has caused considerable of a feeling to spring up between the Volunteers and the paid department, as the Volunteers have and are always ready to give their assistance free whenever an alarm is sounded. It matters not which department gets first water on the flames, both companies are working to save property by putting out the fire.

The Volunteers also claim that it is the duty of the paid department to visit each house daily, examine hose, nozzles and see if spanners are in their proper places. Last night the spanners had been stolen from No. 1 hose cart's tool box. It is to be hoped that in the future, for the good of both departments, that no more clashes may arise. Without the Volunteers the town would be at the mercy of the flames, if they had a good start. Evidently there was a misunderstanding or a mistake made last night, and for the good of all concerned, let it be forgotten for this time; and should another clash occur it then should be given a thorough investigation.

Many complaints are being made that when a fire alarm is turned in to the fire house the fire bell is not rung until the horses are leaving the building, thus not giving the warning that should be given the public and the Volunteers. This should be changed and the bell rung for at least a minute. When Chief Sinclair realizes why the bell should be rung for sometime to notify the people there is a fire, we believe he will attend to this matter. An electric power ringer should be attached to the bell. The cost would not exceed \$75 and there is money in the fire fund for this expenditure.

## RAILROADER MARRIED.

This morning just before the hour of noon the Rev. H. L. Burnham joined in the bonds of wedlock Miss Stella Green and Mr. J. W. Osborne of Millers. The wedding was a quiet one, but nevertheless the many friends of the newlyweds are indeed happy, along with the bride and groom. The bride is a popular lady of the Mill city, where she is dearly loved and respected by all; and the groom is a most genial gentleman, also popular, being employed by the T. & G. railroad as freight conductor. The newly-wedded pair will leave tomorrow on a short honeymoon, and will make Goldfield their home.

## SHOW MAN HERE.

Mr. Will Crook, advance representative of the Teal show, arrived this morning and is busy decorating the town with show bills, showing the finest line of paper that has appeared on the bill boards of the town for a long while. Mr. Crook knows the show business from A to Z, and is boasting the Raymond Teal Musical Comedy company to the skies. He guarantees every one a treat, as the company is a large and capable one. In their opening bill "Variety Isle," they introduce 14 musical number of the whistling kind.

MILLERS ENJOYED  
RELIGIOUS SERVICES  
LAST EVENING

Last evening a religious service was conducted at the school house in Millers by the Rev. George Gallup, rector of St. Mark's church. There are quite a number of Episcopalians in the town and in response to their efforts, there was a large attendance, the room being completely filled.

The musical portion of the services were in the hands of a competent organist and choir of ladies. The preacher, basing his remarks on the text, "I Am Not Ashamed of the Gospel of Christ," made an earnest appeal for loyal adherence to the principles of Christianity, as containing power for the uplift of the individual and the race.

After the service the rector was invited to conduct regular meetings every month.

Reno Residents

DOYLE, Cal., Feb. 14.—As a result of the accidental discharge of his own revolver, R. Ferris, son of County Commissioner Edwin Ferris of Reno, is lying at the point of death here with a bullet wound in his left breast.

Ferris was shot about 5:30 yesterday morning and information was immediately sent to the mother and father of the stricken man, who reside at Reno. They were reported to be on the way with a physician yesterday afternoon.

It appears that Ferris sent his children to school in the morning and shortly after noticed some loose cattle pass along the road. Fearing the children would be injured by the cattle he determined to overtake them with a rig and convey them to school.

was issued yesterday morning by Yuan Shi Kai, in which the premier assumes the title "the fully empowered organizer of the republic." The manifesto politely commands the officials of the army and the police to continue their duties and maintain order.

SAYS HE IS NOT  
QUITE READY TO  
DECLARE HIMSELF**RECEIVES LETTER FROM EIGHT GOVERNORS SENT TO HIM RECENTLY FROM CHICAGO.**

NEW YORK, Feb. 14.—"I have received a letter from the eight governors, sent me from Chicago," said Colonel Roosevelt yesterday, "and am giving it my careful consideration. I shall reply to it within a short time, probably within a week. Until that time I can say nothing on the subject."

Theodore Roosevelt has received a letter sent him from Chicago by eight governors asking him if he will accept the presidential nomination, but has not as yet framed an answer to it. This statement was made yesterday by Col. Roosevelt's secretary. The secretary declined to make public the contents of the letter or the name of its bearer. It is reported, however, that the letter was brought to New York by former United States District Attorney Sims of Chicago.

Seth Bullock, who was appointed United States marshal of South Dakota by Mr. Roosevelt when he was president, called on Colonel Roosevelt yesterday.

Mr. Bullock said that he had come to New York from Deadwood to invite the Colonel to hunt buffalo on a new preserve in South Dakota.

Colonel D. C. Collier of San Diego called on Roosevelt to urge him to declare himself. Colonel Collier said he would place before Roosevelt the result of an investigation of political sentiment which he had made in 35 states.

Colonel Roosevelt said later he had denied Mr. Bullock's invitation to hunt buffalo.

"I have nothing to say on any subject," Colonel Roosevelt declared yesterday.

When asked if he wished to reply to a statement regarding the renomination of President Taft by the Chicago convention, made by Representative McKinley, Colonel Roosevelt said:

"Nothing to say except that Representative McKinley is not my spokesman."

Franklin Will Be  
Star Witness In Case  
Against Darrow

LOS ANGELES, Cal., Feb. 14.—A conference between W. Joseph Ford, assistant district attorney, and Bert Franklin, the McNamara defense detective, charged with jury bribing, just one day before the setting for trial of the case of Clarence S. Darrow, again brought forth rumors yesterday that Franklin would be the star witness for the state against the former chief counsel for the McNamara brothers, who also is accused of jury bribing.

Franklin, who heretofore had refused to make a definite statement as to whether he had made any

agreement with the state concerning the charges against him and what stand he would take in the Darrow case, reddened when accosted in the district attorney's office.

"Well, I guess you've caught me red-handed at last," he said, and hurried into Assistant District Attorney Ford's private office.

When he emerged a half hour later he was asked:

"Will you be the state's star witness in Darrow's trial?"

"You may draw your own conclusions," he answered.

## BRINGS IN BULLION.

J. P. Sweeney, manager of the Round Mountain Sphinx, came in from the Mountain city last night, bringing in a bar of bullion, the result of a mill run from the dumps which is being run through the mill. Thirty tons a day has been reduced and Mr. Sweeney says this amount will be doubled in a few days. As soon as ore bins are put in at the mine a force of miners will be put to work extracting ore from the old workings and the new development work mapped out.

## GREAT CHANGE IN FASHIONS.

NEW YORK, Feb. 14.—The lady of fashion will shun plumage on her hat this year, but will be allowed to display a radiance of feathers on her shoes, according to advices from Paris. The very latest note of elegance in footgear is declared to be shoes covered with birds' plumage of the most elegant hues, gummied onto the leather. Buckles will be concealed by little aigrettes or feathers. The price of the new shoes of course, will be enormous.
